

LOGO

The basis of the Distrobox logo is the Rubic's cube angle piece. It can be used standalone with no type.

The colored logo comes in two variants, and can be used on both white and black backgrounds, for plain colors or high frequency/detail backgournds, use monochrome variant.

WHITESPACE

Whitespace is not wasted space. Provide emphasis by giving the logotype some space.

PALETTE

Multiple shades of lightness are allowed as accent color for backdrops for the monochrome variant of the logo.

TYPE

The typeface used in the logotype is Heebo. See <https://github.com/OdedEzer/heebo>
